ONE: Building a Hall for STV + Finishing the School!

Thank God, we have had more and more difficulty fitting everyone into our parish church for our parish meals on Sundays! Let us thank God for such problems! Because every problem is an opportunity in the spiritual life, and this problem is no exception. Sometimes the opportunity also provides a “win-win”: where more than one problem can be solved at the same time. This is true for us at St. Vladimir’s - and we can solve these “problems” for \$3.85 per week per adult member of our parish. TWO problems solved for less than the cost of a Starbucks coffee. Please read on to find out how!
